

## February Reflection 2017

As we near the end of February we are reminded that Autumn is fast approaching. The indoor/outdoor program will continue even as the weather becomes cooler. In the last two weeks the children have been participating in a variety of physical activities, bean bag throwing has encouraged the children to practice skills such as spatial awareness and distance as they take aim and throw the beanbags at their target. As yet we have not discovered and bowlers to represent Australia in the cricket but there is plenty of time for any of these children to gain bowling skills. Animals of any kind have always been an interest with African animals out now. Some of the children built enclosures for them. Our vegetable shop has been a busy area where the conversations have been about “dollars” and the names of the fruit. Construction and small world play has led the children into many creative conversations and imaginative play.
