Early Years learning and Development Outcome 1: Children have a strong sense of identity  
Children feel safe, secure and supported.

Children confidently explore and engage with social and physical environments through relationships and play.

Our Furry friends came to visit.  
We learned to care for them.

Helping to water our garden.

Learning Outcome: 4 children are confident and involved

Children develop dispositions for learning for such as curiosity, cooperation, confidence, creativity, commitment, persistence, imagination and reflexivity.

This Month in Koala Room we have been welcoming our past and new friends whilst settling into our wonderful new indoor and outdoor learning spaces and routines. We have been getting to know what the children's interests and abilities are so we can plan a program to suit them all.

The children have enjoyed helping to re-establish some existing garden plants and watering rosters are happening. The weather has permitted us to have lots of outdoor play and the children especially enjoyed the water play, sand, playdough, collage and home corner.

We have been lucky enough to have some animal visitors, 2 Guinea Pigs and 2 Rabbits, who stayed in our room for a few days. We enjoyed patting and caring for them. We also have been interested in and learning about Australian Animals. The children have been enjoying selecting stories about Australian Animals and asking the Educators to read with them.
